Presidency School

Bangalore

CBSE

Welcome to Presidency School, an institution for learning that seeks to provide education of the highest academic standards.

We believe that learning is a life-long journey.

At Presidency, it is our aim to establish a culture that fosters diligence, sincerity and accountability in which our students develop a passion for learning and thinking out of the box, that will serve them throughout and beyond school years.

We endeavour to promote the pursuit of excellence and achievement for every student to enable him/her to optimize his/her potential. Our goal is to create and maintain an ethos that encourages high academic standards, self-reliance, co-operation, and enthusiasm.

Parents are important to us and are encouraged to participate in their child's education. A close relationship with the parents is vital to the process of education. We look forward to working in partnership with you through their formative years in school, for cognitive ability & skill development.

Glimpses into Presidency Milieu

Knowing the Kindergarten Way

Learning is caring, sharing and responding.

Walk by our Kindergarten section. It is vibrant with colour, music and the joy of activity centered learning. These first few years set the tone for the entire academic life of later years. Bearing this in mind, the utmost care has gone into the experiential learning curriculum designed exclusively for the little ones at Presidency. Classrooms are furnished with customized furniture, bright visuals, display boards and an array of nursery equipments; in fact everything to beguile the little learners. The child is gently led in the direction of an interactive learning process with a thematic integrated approach.

The warmth and supportive atmosphere of home is replicated here. A child's natural curiosity and joy in exploring the environment, is given full rein in our pedagogy.

The Elementary Section

Learning is exploring, experimenting & responding.

This is the next rung of the ladder. Along the corridor are grades I to IV. There is a buzz of excitement and activity in the air. Following the latest pedagogical trends, the thematic and interdisciplinary approach has been adopted at this level. The curriculum encourages children to explore their interests, as they move gradually from the known to the unknown. Scope is given for creativity, self expression, social skills of adaptability and team work.

The curriculum addresses the uniqueness of each child and provides exposure beyond academics. Role - play, dance, music, field trips, sports and a range of hobbies add new dimensions to the growth of the child.

Our faculty are experienced in the fields of childhood education and development. In addition to this, all members of staff participate in continuous in-service training by experienced trainers, and take part in curriculum design and implementation, assessment strategies and classroom management as well.

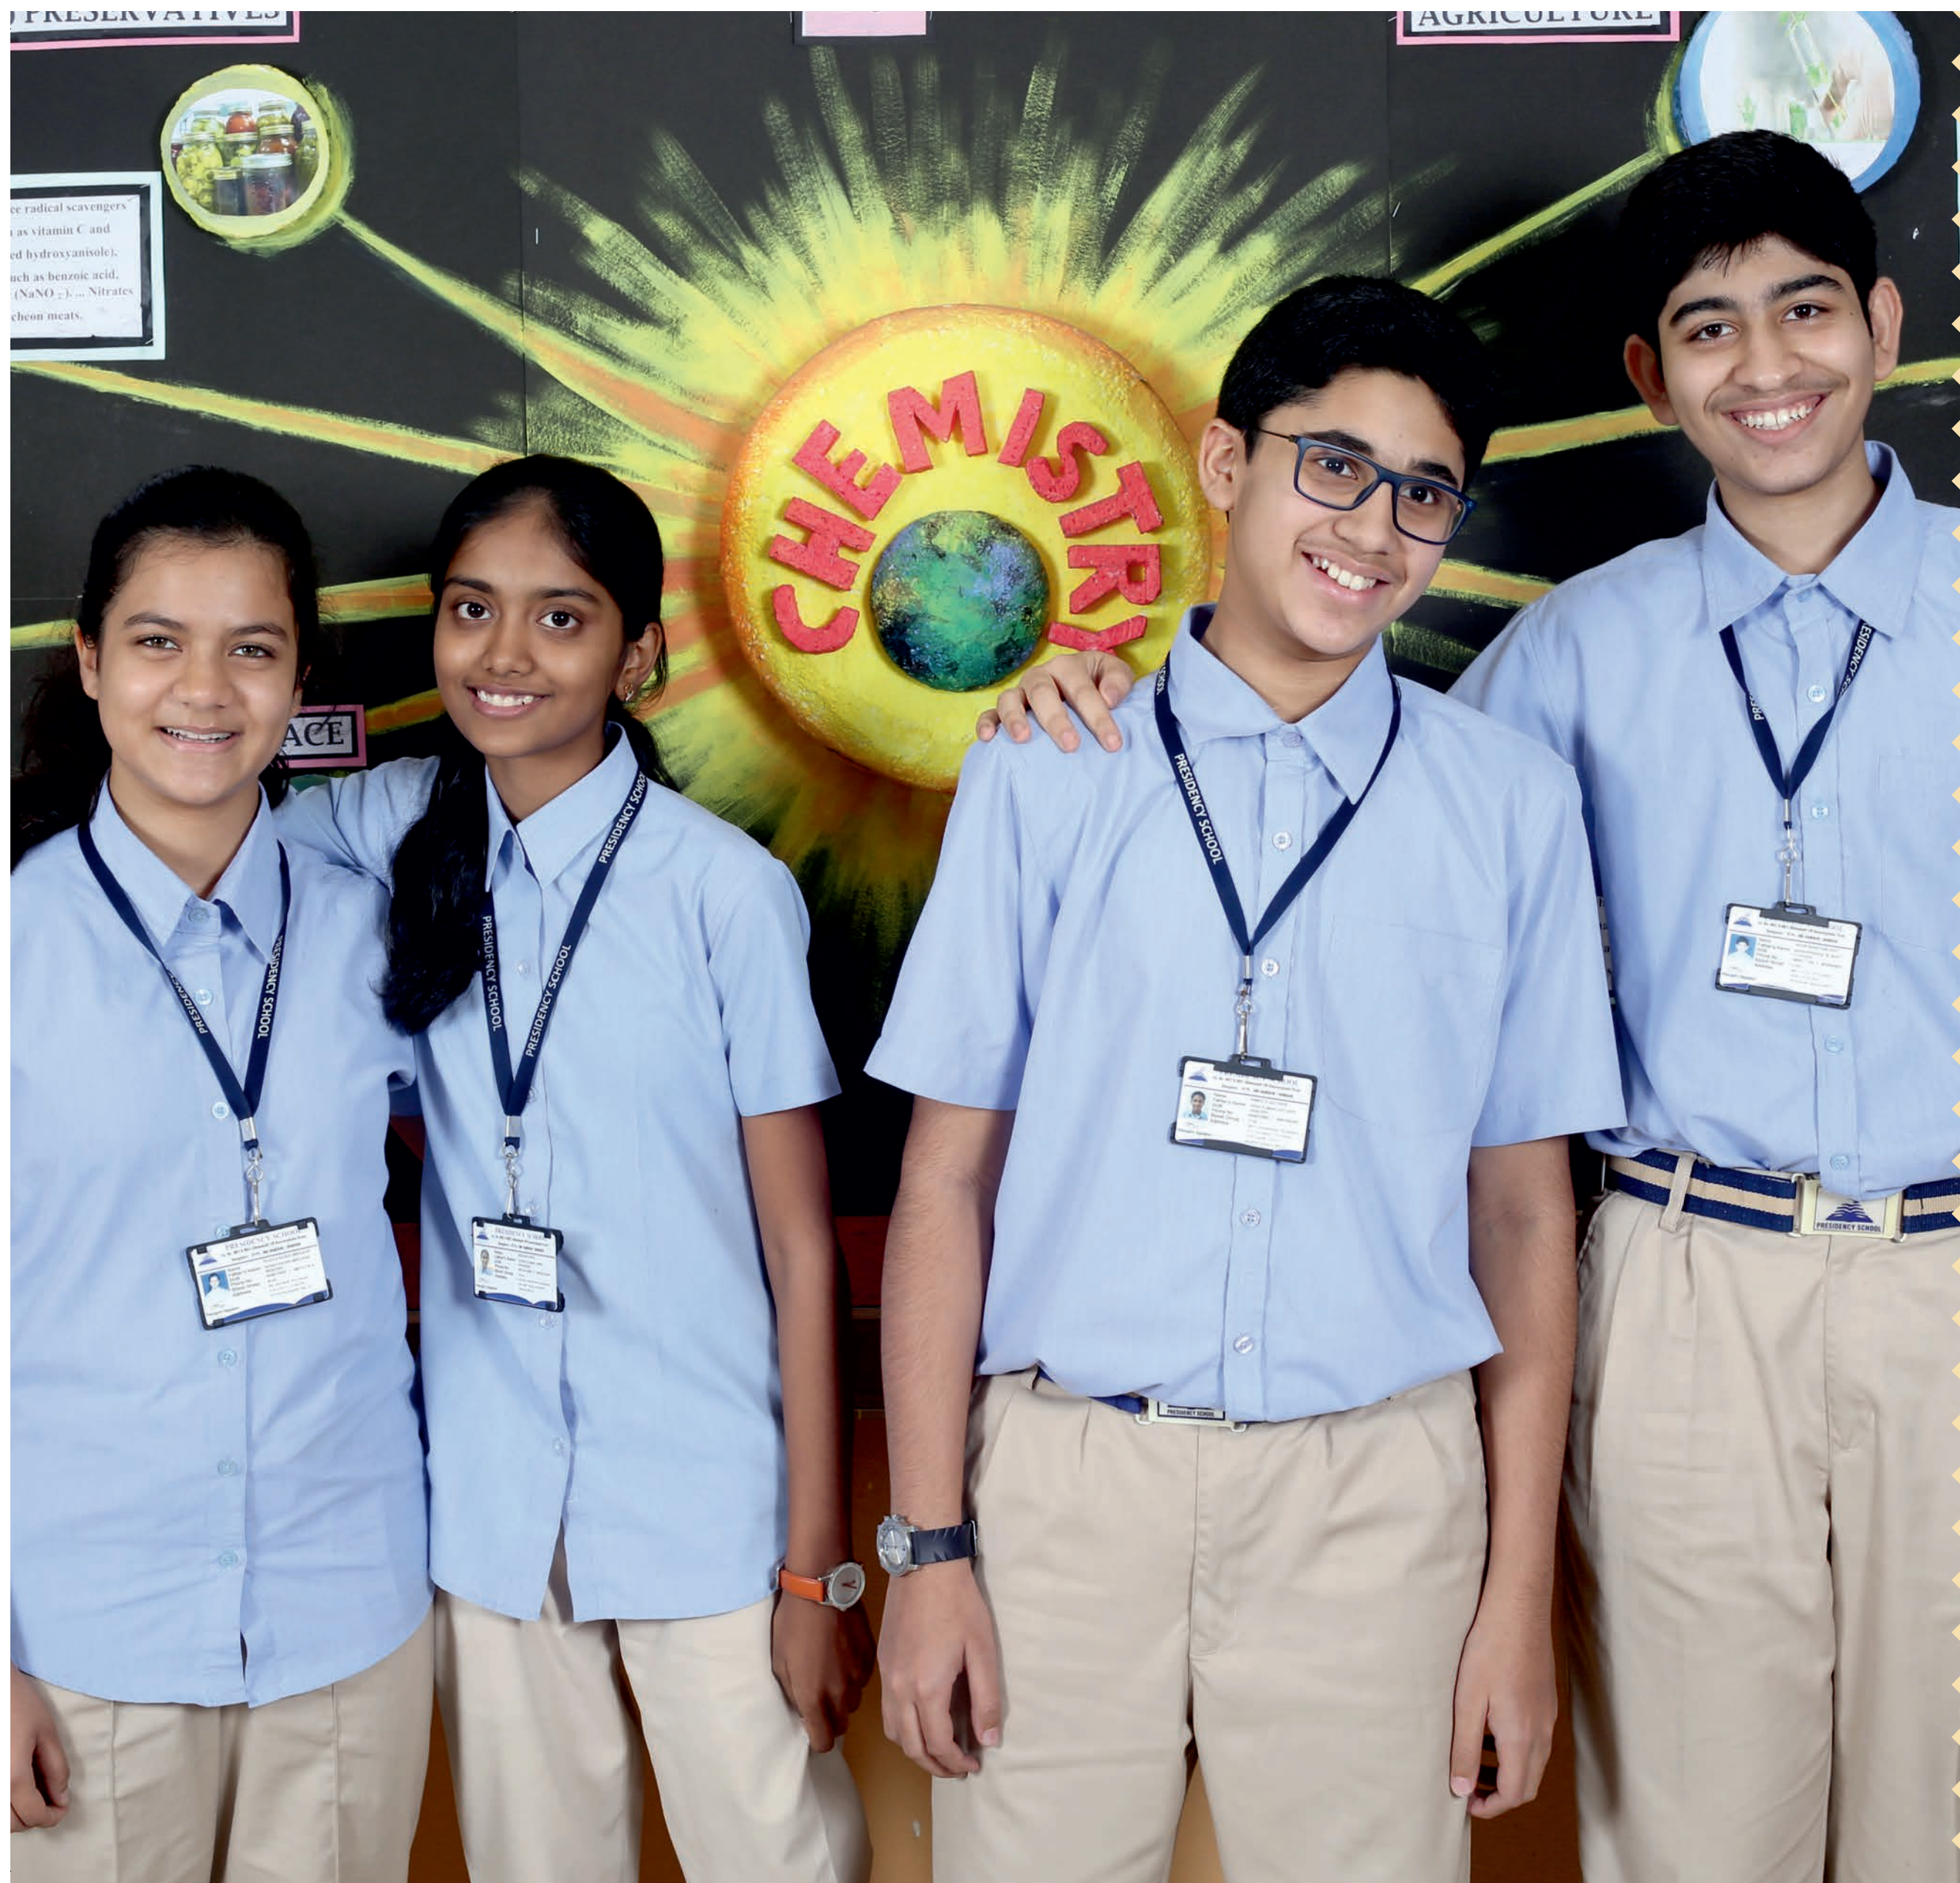

Middle School

Growing through social interaction, taking on responsibility and moving in the direction of self discipline.

The Middle School - Grades V to VII challenges learners with a broader curriculum to lay the foundation for the High School Academic Programme. Study skills are honed, concepts taught are thoroughly grounded, group work and interaction with classmates cater to growing social awareness. Resourcefulness and commitment to work are encouraged. Induction into the House system helps to inculcate loyalty and team spirit. Use of the well stocked Library at each school for project work enhances habits of self study. The spectrum of extracurricular activities gives scope for talents to surface in Theatre, Music, Art, Dance, Games and Sports. Each student's talent is channelised through a range of hobby clubs. Field trips and excursions are organised.

Test and Examinations now become a part of the assessment methodology and parents are kept apprised of the child's academic progress and are welcome to interact with teachers.

Maximum growth for each learner is the professed motto at this level.

High School

Learning life skills such as-

Self confidence, Independence, Leadership, Social Awareness.

The Senior Grades, VIII to X are a veritable beehive of activity. The best possible quality education is provided, taking into consideration, individual needs and aspiration. Suitably high demands are placed on the learners, with a view to stimulating high achievement. Each learner receives personal attention and guidance. Student's work is monitored on a day to day basis through class work, home work and projects. Comprehension of course materials is tested, unit wise through midterm tests and examinations. Progress reports and parent teachers meetings are a regular part of this program. Extra curricular activities still form a part of the curriculum. Students now help in the planning and organization of school celebrations and competitions and are encouraged to test their skills at the Intra School and Inter School Fora. The School cabinet provides a valuable training ground for leadership.

Personality grooming is ensured through workshops on Life Skills, Value Education, Vocational Counselling and Counselling for teenage problems. Resource persons with necessary expertise conduct these programmes. Every attempt is made to ensure our graduates are developed in a 360° manner, they are confident, self-sufficient and focused when they leave the sheltered environment of Presidency.

Senior Secondary School

Choosing the right educational institution for your ward is probably one of the most important decisions you will make. Our prospectus aims to provide the appropriate information to help you make this important decision.

- Curriculum - The School offers its students a broad based progressive approach for grades XI & XII. The senior secondary of Presidency School fosters an ambience where students develop into responsible and valued members of the society. The school offers both Science and Commerce streams, and is well equipped with highly qualified and experienced staff to propagate the same.
- Class XI – Under Science, the subjects offered are:

- English (Compulsory Language)
- Mathematics
- Physics
- Chemistry
- Biology/Computer Science/Economics (Elective)

Students can also opt for a Pure Science combination with the subjects Physics, Chemistry, Biology and Mathematics.

Under Commerce, the subjects offered are :

- English (Compulsory Language)
- Accountancy
- Business Studies
- Economics
- Informatics Practice / Mathematics (Elective)

- General Studies - Work Experience, Physical and Health Education.

Presidency School has well equipped science and computer laboratories. Well stocked library works as a Resource Centre of reference books, providing young and curious minds with ample opportunity to learn.

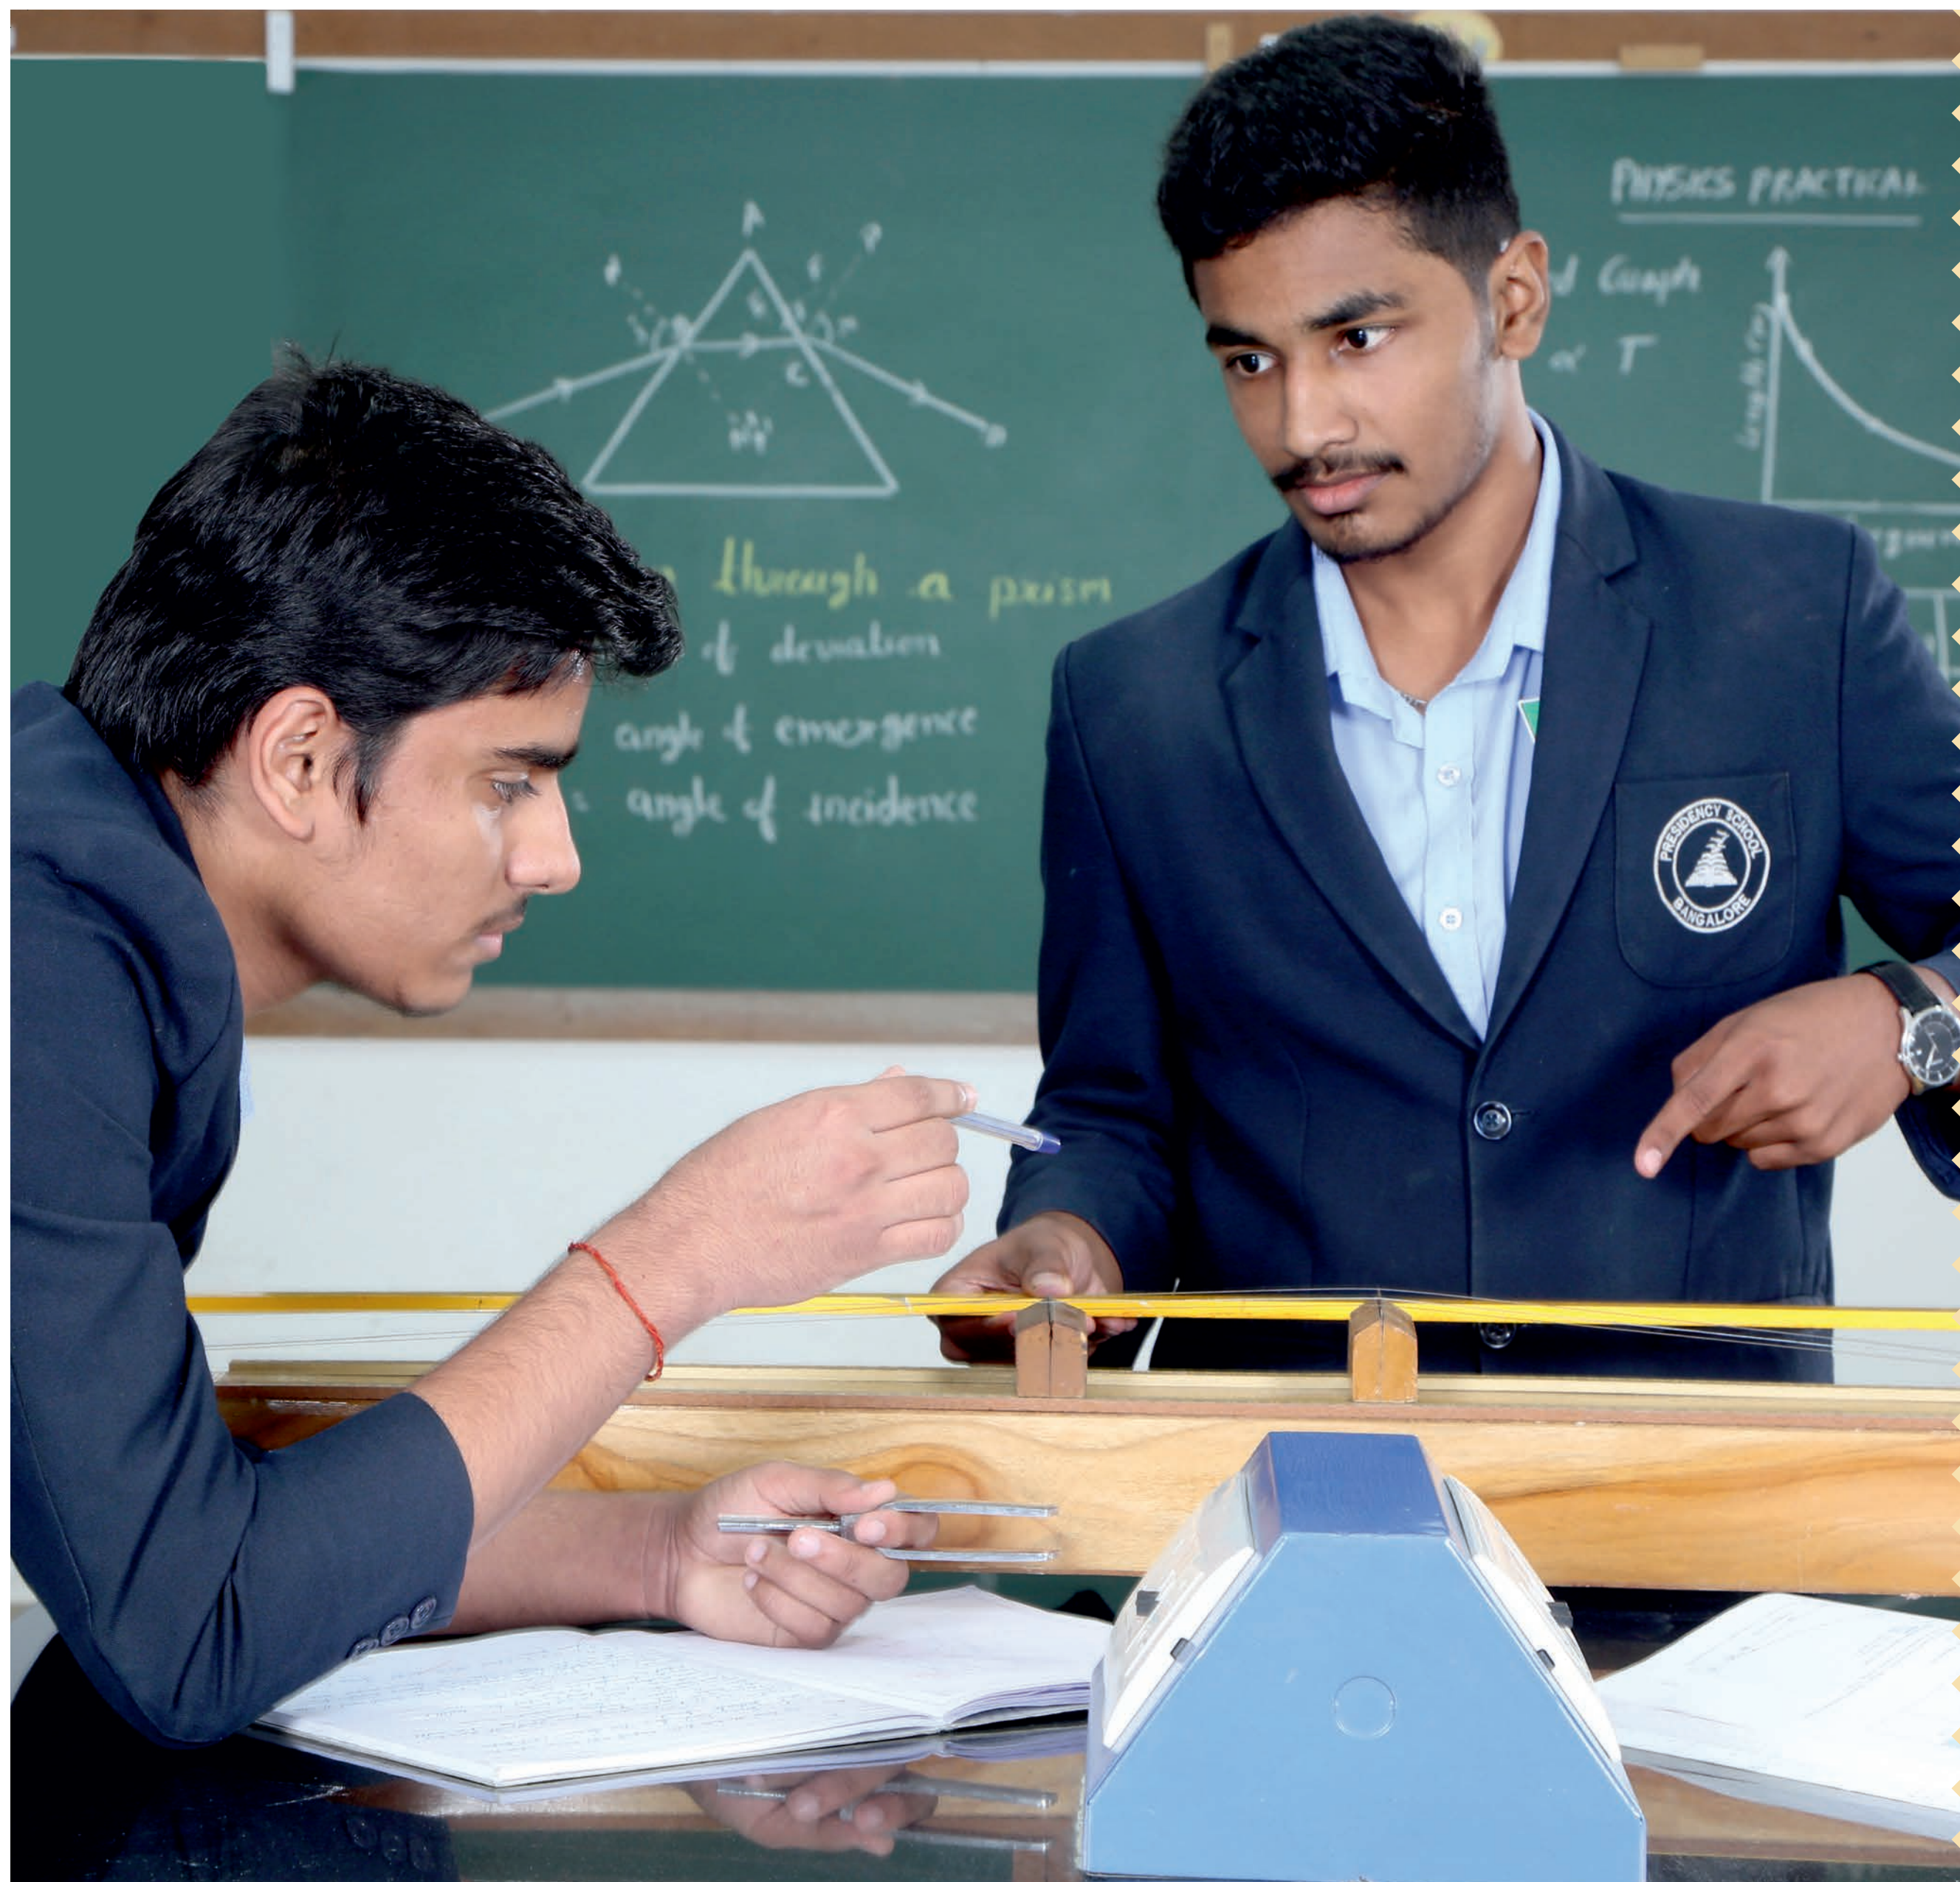

Special attention is given to games like basket ball, football, volley ball, badminton & cricket. Other co-curricular activities include music, dance, guitar, keyboard, painting, debating, theatre, yoga and karate are taught by qualified teachers and professionals.

- Furthermore, the school provides students with a plethora of opportunities in the form of participation in several intra and inter-school competitions. This provides an efficient platform for real world exposure.
- Field Trips and Knowledge Sharing :-At Presidency, we believe that knowledge is best acquired when learning happens by seeing and doing. To further their understanding and interest in the subjects, students are taken on field trips to reputed institutes and places which give them good exposure and practice.

The school regularly arranges knowledge sharing programmes by experienced resource people who conduct live sessions for the students. This broadens the students' perspective and exposes them to knowledge beyond their text books and curriculum.

In addition to this, the school hosts other informative events like MUN, Debates, Theatre, Mock Stock Exchange, Panel, Discussions etc.

- Admission Process :- Admission to Presidency School is open to all. The school prospectus and application forms are available at the school office. Admission is granted on merit and against vacancies. Preference will be given to the students of Class X, presently studying in our CBSE & ICSE schools. Provisional admission is granted to students of Class X based on the Entrance Test conducted in the school. The student is required to score a minimum of 60% in Mathematics and 60% in Science, with an aggregate of 65% in both the subjects.

- Evaluation :- The school follows the CBSE prescribed norms of evaluation. Grade XI students appear for Internal Exams, while Grade XII students appear for the CBSE Board Exam.
- Promotion Policy :- Presidency school has established a benchmark in the field of education, encouraging students to perform in the best possible manner. The Promotion Policy is based on the criterion that a student of Grade XI must have an aggregate of 50% in all subjects, with a minimum of 45% marks in the individual subjects offered in the stream. The school requires the students to maintain an attendance of a minimum of 90%.
- Integrated Courses :- The School offers integrated additional coaching for admission into courses like JEE, NEET, etc. to help students prepare for entrance examinations of prestigious institutions. This is offered by *Presidency Academy Center for Excellence (PACE) Overall, the senior secondary of Presidency School strives to bring out well educated and knowledgeable individuals who help in upholding the spirit of the society.
- The school's expectation :- The need for discipline in education is constantly stressed upon in the Presidency Group of Institutions. The senior students are encouraged to be a good role model to their younger counterparts and hence they are expected to conduct themselves in an exemplary manner. Objectionable and irresponsible behaviours will invite strict action. Regular attendance is a must. Students absenting must seek prior permission from the authorities in case of planned absenteeism.
- Students are required to come dressed in the uniforms stipulated by the school, unless otherwise specified.

We believe that learning is a life- long journey.

There is no finish line in the race for quality.

The Academic Standard of the School

The School has always stood for and promoted a high level of academic excellence and this has remained a hall mark of the institution even to this day. It is our belief that observation and documentation of student's knowledge, thoughts, conversation and creations are the only effective ways of making learning visible. All faculty are recruited based on their respective knowledge and experience in their subjects.

The high academic levels are maintained right from the lower grades until the students leave the school. The school keeps up pace with global trends and developments in the field of Science and Technology, Mathematics, Humanities, Information Technology, Computer Science and the Fine Arts.

Faculty

Keeping in mind the criteria that the success of educational reforms depends on the qualitative imparting of education; creative, competent and professionally qualified teachers are recruited.

The staff members are provided with a supportive and congenial work atmosphere. Apart from these, the periodic workshops and the orientation programmes under the aegis of the Staff Development Programme have always prompted the right motivation, competency and above all, helped in updating the staff with the latest methodologies of classroom teaching, thereby enabling them to give their professional best.

Library

The Library is well stocked with a plethora of books from various disciplines. Children are fascinated by the world of books and are encouraged to read, go through pictures, narrate and discuss themes and facts. A library hour is scheduled for each grade and it is ensured that children make the most of this hour. Children are encouraged to make use of the library for all references. Being an open self-help library, children are free to pick up and browse through.

The Academic Calendar

The academic year for the school is programmed from May to the following April, with brief breaks between academic terms. The academic year once again is compartmentalized into two terms for all levels of schooling with the first term commencing in June, the second term in October.

School Timings
8:10 am to 3:10 pm.

All Round Development

Presidency is committed to the holistic development of children through a broad range of challenging co-curricular and extra-curricular activities.

Students are exposed to curricular activities such as Music, Arts, Theatre, Community Services and Excursions. Our aim is to offer ample opportunities so that the students feel confident of their abilities. Needless to say, they play an important role in developing social skills, values, spirit of co-operation and above all, regional and national consciousness.

Facilities

In keeping with the philosophy of exploring the unknown, the physical environment at Presidency School is a highly effective teaching tool and much planning goes into its creation.

- Classrooms are large and with windows that flood rooms with light and fresh air. All areas incorporate open spaces that allow children to move around freely and select how they want to work.
- Outside area contain a wide range of child-friendly equipment and activities, plus an extensive selection of natural flora and fauna.
- Safety and security of every child is of utmost importance at Presidency. In order to uphold this, various measures are adopted such as:
 - CCTV surveillance
 - Vigilance measures
 - Visitor Management System

Sports and Games

Sports and games integrated into the curriculum has been an important objective for the healthy and a balanced growth of the school. Keeping this in mind, the students are encouraged to participate in a wide range of indoor and outdoor games at the school. Participation in inter-school competitions are a regular feature.

Presidency has a long-term plan to promote cricket and basket ball among the youth, in a big way.

Transport

GPS enabled transport is an added amenity which ensures convenience and safety of our students.
